by 1936 after a decade of civil war and even before the xi an incident mao zedong had begun talking about a new stage of cooperation between the guomindang and the communist party with the establishment of a framework for cooperation between the two parties and as japan began its brutal war against china mao began to develop this theme more systematically in both the political and military spheres this volume documents the evolution of mao s thinking in this area that found its culmination in his long report to the sixth enlarged plenum of the central committee in october 1938 explicitly entitled on the new stage and presented here in its entirety it was also during this period that mao delivered a course of lectures on dialectical materialism after reading and annotating a number of works on marxist theory by soviet and chinese authors these lectures from which on practice and on contradiction were later extracted are also translated here in their entirety

this projected ten volume edition of mao zedong s writings provides abundant documentation in his own words regarding his life and thought it has been compiled from all available chinese sources including the many new texts that appeared in 1993 mao s centenary

this casebook provides a summary of twenty three insurgencies and revolutions the goal of the book is to introduce the reader to modern style irregular and unconventional warfare as well as to act as an informational resource on these particular cases while not trying to provide an in depth analysis of any case our intent was to provide enough background material and description of the revolution to allow comparisons and analysis of broader ideas and insights across this broad spectrum of cases if further study is desired each case contains a detailed bibliography that points toward what we found to be the most helpful and insightful sources all cases in this book are presented in a standardized format a research framework making it easy to compare various aspects of revolutionary warfare the methodology section will define what each section of the framework provides and our justification for its inclusion preface v 2

this volume ii of western political thought discusses various currents of political thought from utilitarianism to pluralism and nazism it includes political thinkers from bentham to bertrand russell from nineteenth century to present day while the subject matter has been derived from standard original works it has been narrated in an analytical style and discussed from an integral standpoint at the end of each chapter actual examination questions of various universities have been given so that the student may exercise for the examination among dozens of books by indian and western authors on this subject the present book claims to be more to the point concise and providing answer to every question asked in various university examinations thus the book has been prepared as an ideal textbook for post graduate students of political science in all indian universities besides it will serve as a ready reference book for the teachers

more than 130 years after karl marx s death and 150 years after the publication of his opus magnum capital critique of political economy capitalism keeps being haunted by period crises the most recent capitalist crisis has brought back attention to marx s

works this volume presents 18 contributions that show how marx s analyses of capitalism the commodity class labour work exploitation surplus value dialectics crises ideology class struggles and communism help us to understand media cultural and communications in 21st century informational capitalism marx is back this book is a key resource on the foundations of marxist media cultural and communication studies

the contributions to this book amply demonstrate the richness vitality and complexity of the colonial transactions between britain and india over the last two centuries and they do so by approaching the topic from a specific perspective by interpreting the rubric new readings as broadly creatively and productively as possible they cover a wide range of literary responses and genres eighteenth century drama the gothic novel verse autobiography history religious writing journalism women s memoirs travel writing popular fiction and the modernist novel brought together in one volume these essays offer a small but representative sample of the multifaceted literary and cultural traffic between britain and india in the colonial period in the richness and diversity of the various contributors strategies and interpretations these new readings urge us to return once again to texts that we think we know as well as to explore those that we do not with a freshly renewed sense of their complexity immediacy and relevance
